

# Immersive Experience By Night

As the sun starts its descent, embark on a guided Wildlife Dusk Safari tour of La Vallée de Ferney where you may encounter a variety of animals in their natural habitat. Keep an eye out for graceful deers. The guides will share their knowledge about the flora and fauna, adding depth to your experience while enjoying an aperitif in the privacy of the valley.

Continue this immersive experience at the Ferney Nature Lodge and find a beautifully set table waiting for you. The Chef has prepared a gourmet feast using locally sourced ingredients. The ambiance is nothing short of magical, with softly lit lanterns and the gentle hum of the valley in the background. After dinner, gather around the coziness of the chimney or the boma for stargazing.
